

Application for Registration as an Out of Area Patient

You have applied to register with the practice as an out of area patient. This enables you to register with the practice but without any obligation for us to provide home visits.

Your application for registration without home visits will be only considered **if it is clinically appropriate and practical in your individual case**. To do this we need you to answer the questions below. If accepted by the practice you will receive the full range of services provided as normal at the surgery. If you have an urgent care need and the surgery cannot help you at home we may ask you to call NHS 111 and they will put you in touch with a local service (this may be a face to face appointment with a local healthcare professional or a home visit where necessary). We may decide that it is not in your best interests or practical for you to be registered in this way. In these circumstances we may not register you and advise you to register (or remain registered) with a more local practice.

If accepted but your health needs change we may review your registration to see if it would be more appropriate for you to be registered with a GP practice closer to your home.

NAME:

D.O.B:

New Address:

Are you regularly on or near the University campus or have regular means of accessing the practice: **Y/N**

If yes, please give details:

Have you required any home visits in the past 2 years: **Y/N**
